

DISCOVER THE NEW **MASTERSENSE AIR**

Re-imagine your kitchen

**Induction hob with
integrated hood,**
the perfect fusion

TEKA

PERFECT COMBINATION FOR A **NEW CONCEPT** **OF COOKING**

High performance at its best

TEMPERATURE SENSORS ENSURE PRECISE TEMPERATURE CONTROL

The temperature remains constant and uniform in every recipe. **A smart solution that will become your kitchen assistant.**

THE MOST INTUITIVE WAY TO COOK

Cooking has never been easier! With our **direct cooking functions**, just select what you want to cook and the hob will automatically adjust the temperature and the sensors will keep it constant at all times.

CONFIT

Perfect for jams, brandadas, sauces, or a well cooked duck confit.

80°C

DEEP FRYING

The temperature high precision prevents the build up of toxic substances, such as acrylamide.

180°C

UNLIMITED FREEDOM

Designed to use every single corner of the cooking area with different shape pans in the **Flex Zone**.

AUTOMATIC HOOD ACTIVATION

The hood gets started **automatically** once you start cooking in the hob, **adjusting the extraction intensity** to the power and number of active cooking zones.

POACHING
Ideal for poaching potatoes and onion for a perfect omelette.

100°C

GRILLING
Its high temperature is designed for an impeccable seal for your red meat or vegetables.

200°C

PAN FRYING
For delicate textures such as salmon or chicken breast, as well as delicious pancakes.

190°C

SIMMERING
The perfect temperature for simmering soups and stews.

98°C

MELTING
You can perfectly melt butter or chocolate.

48°C

KEEP WARM
You can keep your recipes warm until serving.

60°C

KEEP YOUR HOME FRESH AND ODOUR-FREE

Renew the air in your kitchen with the **Fresh Air function**. Renew the air for 24 hours in 10-minute cycles with 50-minute breaks - automatically.

IMMEDIATE EXTRACTION

The course of the grease particles released during cooking are effectively headed to the hood with a very short route, **preventing cooking vapours rising up and spreading throughout your entire room.**

DESIGN, ELEGANCE AND **EFFICIENCY**

They will preserve freshness, silence and harmony in every corner of your kitchen, saving money at the same time.

CLEAN SYMMETRY AND ELEGANCE

An elegant and subtle design that will deliver smooth lines and harmony, blending seamlessly into any kitchen, adding a touch of understated distinction.

POWERFUL

Eliminates fumes and unpleasant odours instantly and with minimum noise, below the value of 66 dBA at intensive speed, thanks to the **Brushless EcoPower Motor**, holding an efficiency energy class A+.

USER FRIENDLY

Caring for you and making your life easier.

PRECISE AND SIMPLE

Independent control of each cooking zone and the hood, for a more intuitive use. Slide your finger or press the desired power level. You'll never get it wrong, thanks to the **MultiSlider** touch control.

SIMPLE CLEANING

Every part of the extractor is easily removable from the top and dishwasher safe. If liquid were to accidentally spill into the extractor, don't worry, we include a **EasyClean Collector**, which is also dishwasher safe.

INSTALL IT YOUR WAY

External extraction or recirculation, **the choice is yours**. Depending on **your needs and home design**, you will have the option to install your hood with recirculation system, which will aspire the odours and bring fresh air back into your kitchen, or with direct external extraction, which will take the odours out of your home.
